

Panchayat College Bargarh

Institutional Distinctiveness

Panchayat College Bargarh envisions making the students intellectually alive and socially responsible. As the teachers strive to create opportunities for the intellectual pursuits of the students, the NSS, the NCC and the YRC unit avail opportunities to make them aware of their social responsibilities. NSS and YRC create an ethical framework in which the students are obligated to work and cooperate with other individuals and organizations for the benefit of the community and try to bring forward fellow citizens and children who lag behind. NCC provides the students with opportunities to get selected in defense services and infuse a sense of patriotism. In all these fields, the performance of the students has been remarkable. They have shown interest and enthusiasm to learn about community service and execute it in their later life.
